SRM University-AP inked MoU with NITTE (Deemed to be University) to foster research in Biological Science

SRM University-AP inked an MoU with NITTE (Deemed to be University), Mangalore, on June 16, 2023, to promote academics and research in Biological Science. The MoU was signed at the NITTE Mangalore campus by Dr R Premkumar, Registrar, SRM University-AP and Prof. Dr Harsha Halahalli, Registrar, NITTE, in the presence of Prof. Dr MS Moodithaya, Vice-Chancellor, NITTE.

Prof. Dr MS Moodithaya termed this association a very important one for the university and expressed his confidence that the formal agreement will foster a mutually beneficial relationship through knowledge exchange, academic excellence, and research of societal relevance between the Universities. “I hope this collaboration can leverage both university’s strengths and complementary skills to undertake research projects that require a combination of expertise. I look forward to the synergy leading to more comprehensive and impactful research outcomes”, commented Prof. Manoj K Arora, Vice Chancellor, SRM University-AP, in response to the MoU.

Prof. Jayaseelan Murugaiyan, Head-Department of Biological Sciences, SRM University-AP and Dr Krishna Kumar, Associate Professor, NITTE University Centre for Science, Education and Research (NUCSER), have been collaborating for the last couple of years in the field of antimicrobial resistance. Prof. Anirban Chakraborty, Director- NUCSER and Prof. Jayaseelan Murugaiyan, SRM University-AP, are the authorised representatives from the respective universities. The Director, R&D; Director, Projects and DST-NUTEC; Director, Academia-Industry collaborations; Director, Institute Innovation Council; and Director, PG Studies and Clinical Research were among the others present on this occasion.
