

Embark on a
Mathematical journey with

M.Sc. Mathematics @ SRM AP

M.Sc. Mathematics at SRM University-AP opens doors to exciting opportunities in academia, research and industry. We offer a rigorous and challenging programme designed to provide students with a solid foundation in Pure and Applied Mathematics and teach them various skills in mathematical programming, such as Python, MATLAB, Mathematica, and Latex.

You will have the opportunity to study a wide range of topics like Algebra, Analysis, Topology, Differential Equations, Mathematical Modelling, Financial Mathematics and Industrial Mathematics, along with the flexibility to choose a variety of electives and specialisations that align with your interest and career goals.

Specialisations

Pure Mathematics

- Dive deep into abstract mathematical concepts.
- Explore topics like analysis, algebra, and number theory.
- Ideal for those passionate about theoretical mathematics.

Applied Mathematics

- Bridge theory and real-world applications.
- Study mathematical modelling, optimisation, and numerical methods.
- Perfect for problem solvers interested in practical math.

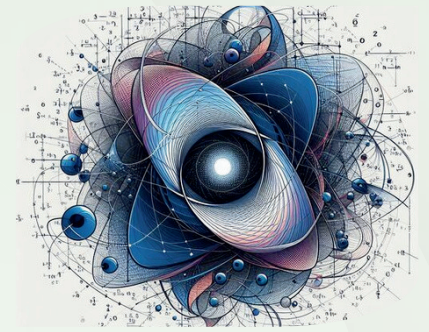

Industrial & Data Science

- Combine mathematics with data analytics and industry applications.
- Learn statistical modelling, machine learning, and data visualisation.
- Ideal for those aiming to work in data-driven industries.

Why choose our M.Sc. Mathematics Programme?

- Rigorous curriculum designed by experts.
- Faculty with extensive research and industry experience, holding PhDs from USA and Canada.
- State-of-the-art facilities and resources for computation and research.
- Opportunities for research projects and internships.
- Excellent assistance for placements/securing Ph.D. admissions in reputed organisations.

Highlights of our Programme

- Curriculum Compliant with New Education Policy (NEP) 2020
- A comprehensive syllabus that helps prepare for competitive exams viz., GATE/CSIR/NBHM.
- Access to cutting-edge technology and tools.
- Frequent distinguished guest lectures from global experts.
- Personal mentorship programme for each student.
- Excellent faculty-student ratio.

Admission Details

Join a vibrant community of math enthusiasts!

- Candidates must have a Bachelor's degree in Science with Mathematics as a major or Honours subject at the graduate level from a recognised Indian or foreign university, with a minimum of 60% aggregate marks.
- Admission will be based on meeting the eligibility conditions and performance in the interview.
- Upto 100% tuition fee waiver to meritorious candidates.
- Other scholarships, including need-based, sports, and cultural, can also be availed.
