### **SRM University-AP to Collaborate with AIIMS Mangalagiri for Strengthening Relationships in the Area of Biomedical Applications**

A team from SRM University-AP met Dr Madabanandakar, Director of All India Institute of Medical Sciences (AIIMS), Mangalagiri on Friday. Vice Chancellor of SRM University-AP, Prof. Manoj K Arora, spoke on the MoU between the two organisations regarding teaching and research projects. He stated that SRM AP requires the mutual support and cooperation of AIIMS to implement the decisions taken through the MoU, and an action plan should be drawn up to move forward. On this occasion, Prof. Jayaseelan Murugaiyan, Head of the Department of Biological Sciences, explained the nature of the research undertaken at SRM University-AP through a PowerPoint presentation. Prof. Manoj K Arora further explained the progress of the research at the university.

Both organisations have expressed the need to collaborate on outreach programmes, workshops and patent inventions. The Director of AIIMS, Dr Madabanandakar, emphasised that it is crucial that SRM AP and AIIMS officials meet once a month to discuss research-related ventures and prospects. Dr Madabanandakar also said that AIIMS laboratories will be made available as and when required for joint research. The meeting was also participated by Deputy Director of AIIMS Sashikant, Dr Seemanthakumar Doss, Dr Deepti, Dr Aarti Gupta, Dean-School of Engineering and Sciences, SRM University-AP, Prof. C V Tomy, and Associate Professors Dr Mahesh Kumar Ravva and Dr K A Sunitha.
